Fenton and Geller are a couple of part-time Wisenheimers, full-time vice time-cops who suck at rule-following but excel at busting time-travel crimes. Unfortunately, their daily grind involves tedious police work—like chasing down influencers hellbent on live-streaming illegal transtemporal trips to 1920s Chicago to steal primo bootleg hooch.

However, in a twist of fate, our heroes find themselves thrust into the midst of a potential inter-time serial homicide case, forcing our pair to punch above their weight class.

The stakes are high and time is of the essence. Fenton and Geller are about to learn that playing with the homicide-time-stream isn't all flappers and jazz hands. Get ready for a high-octane, double-triple-illegal adventure where the only thing certain is that **RIFTERS** is rewriting the rulebook on time-travel tales!
